

Parent Pick-Up Information

Not to scale

Overflow waiting area: Students will load into front car only. Use parking load zone for quickest pick-up.

- ◆ **Walking/Bicycle - Student Safety:** All accompanied walkers/bike riders will be picked up at the gym area so they are escorted safely by the store parking area. Unaccompanied walkers/riders will depart second. Please walk bicycles by the store and on school grounds.
- ◆ Support Big Lake Grocery, but please **no afternoon car pick-up at the store.** Students moving around and into cars as others are backing out or pulling in puts students at risk.
- ◆ If you are parked in **overflow** or in the **3 car load zone**, please stay in your car to speed loading and departure from those spots. The **3 car load zone** will be the first priority to get students loaded. If you are in a hurry for pick-up, come early and park in the load zone.
